

BORINGDON PRIMARY SCHOOL

Relationships, Sex and Health Education Policy

Reviewed February 2022

Aim of the policy

To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

In our school we choose to deliver Personal, Social, Health Education using Jigsaw, the mindful approach to PSHE.

Relationship and Sex Education (Relationships, Sex and Health Education)

Definition of Relationships, Sex and Health Education (RSHE)

There is a current statutory duty for Independent schools to provide PSHE and they must meet the Independent School Standards as set out in the Education (Independent School Regulations 2014). Independent schools may find the DfE guidance on Relationships Education, Sex Education and Health Education useful in planning and age-appropriate curriculum.

All primary schools are legally obliged to have an up-to-date policy for Relationships and Sex Education (RSE) that describes the content and organisation of RSE. In primary schools if the decision is taken to teach sex education beyond Relationships and Health Education and National curriculum Science, this should also be documented in the policy. The policy should be made available to parents/carers on request and also available on the school's website. It is the school governors' responsibility to ensure that the policy is developed and implemented effectively.

Compulsory aspects of Relationships, Sex and Health Education.

End of primary expectations and curriculum content is given in the Relationships Education, Relationships and Sex Education, and Health Education DfE guidance (2019). It is up to schools to determine how this is taught as part of a broad and balanced curriculum. Where a school delivers this as part of a whole programme of PSHE, such as Jigsaw, they are free to continue with this approach.

The sex education contained in National Curriculum science (Key Stages 1–4) is compulsory in maintained schools.

- 'All children, including those who develop earlier than average, need to know about puberty before they experience the onset of physical changes' (1.13)
- Children should learn 'how a baby is conceived and born' before they leave primary school (1.16)

RSHE plays a very important part in fulfilling the statutory duties all schools have to meet. RSHE helps children understand the difference between safe and abusive relationships and equips them with the skills to get help if they need it. It also teaches them about the importance of a healthy lifestyle and

positive mental health, about online and off line safety. Schools have responsibilities for safeguarding and a legal duty to promote pupil well-being (Education and Inspections Act 2006 Section 38).

- Sex and Relationships Education (SRE) is an important part of PSHE Education (DfE, 2014).
- When any school provides RSE they must have regard to the Secretary of States guidance; this is a statutory duty. Ofsted will evaluate how schools help to ensure a healthy lifestyle for their children (Ofsted, 2019, Education Inspection Framework Para 28).
- It is compulsory for all maintained schools to teach the parts of sex education that fall under National Curriculum Science which must be taught to all pupils of primary and secondary age e.g. the biological aspects of puberty and reproduction (Education Act 1996, National Curriculum 2014).

Updated government safeguarding guidance is now available ([Keeping Children Safe in Education, 2018](#)) and includes a section about being alert to signs that young girls may be at risk of female genital mutilation (FGM). School summer holidays especially during the transition from primary to secondary schools is thought to be a key risk time for FGM. See also the government [Multi-agency practice guidelines: Female Genital Mutilation \(2016\)](#) which includes a section for schools.

The role of the Headteacher and Governing body

The headteacher liaises with external agencies regarding the school RSHE programme and ensures that all adults who work with children on these issues are aware of the school policy, and that they work within this framework. The headteacher monitors this policy on a regular basis and reports to governors, when requested, on the effectiveness of the policy. Parents should be consulted on the RSE policy and have the opportunity to express their views. They also must be informed of the limits of their right to withdraw their child from sex education and have the opportunity to do so within these limits.

Jigsaw RSE Content

The grid below shows specific RSE content for each year group:

Age	e
4-5	Family life; making friends; falling out and making up; being a good friend; dealing with bullying; growing up -how have I changed from baby to now; bodies (NOT including names of sexual parts); respecting my body and looking after it e.g. personal hygiene.
5-6	Recognising bullying and how to deal with it; celebrating differences between people; making new friends; belonging to a family; being a good friend; physical contact preferences; people who help us; qualities as a friend and person; celebrating people who are special to me; life cycles – animal and human; changes in me; changes since being a baby; differences between female and male bodies (correct terminology: penis, vagina, testicles, vulva); respecting my body and understand which parts are private.
6-7	Assumptions and stereotypes about gender; understanding bullying; standing up for self and others; making new friends; gender diversity; celebrating difference and remaining friends; learning with others; group co-operation; different types of family; physical contact boundaries; friendship and conflict; secrets (including those that might worry us);trust and

	<p>appreciation; expressing appreciation for special relationships; life cycles in nature; growing from young to old; increasing independence; differences in female and male bodies (correct terminology); assertiveness; appreciate that some parts of my body are private.</p>
7-8	<p>Seeing things from others' perspectives; Families and their differences; family conflict and how to manage it (child-centred); witnessing bullying and how to solve it; homophobic bullying; recognising how words can be hurtful; giving and receiving compliments; respect for myself and others; healthy and safe choices; family roles and responsibilities; friendship and negotiation; keeping safe online and who to go to for help; being aware of how my choices affect</p> <p>Others; awareness of how other children have different lives; expressing appreciation for family and friends; how babies grow; understanding a baby's needs; outside body changes at puberty; inside body changes at puberty; family stereotypes.</p>
8-9	<p>Challenging assumptions; judging by appearance; accepting self and others; understanding influences; understanding bullying including the role of the bystander; problem-solving in relationships; identifying how special and unique everyone is; first impressions; working in a group; celebrating contributions of others; healthier friendships; group dynamics; assertiveness; peer pressure; celebrating inner strength; jealousy; love and loss; memories of loved ones; getting on and falling out; girlfriends and boyfriends; showing appreciation to people and animals; being unique; having a baby (simple explanation of conception); girls and puberty; boys and puberty; confidence in change; accepting change.</p>
9-10	<p>Cultural differences and how they can cause conflict; racism; rumours and name-calling; types of bullying; enjoying and respecting other cultures; body image; self-recognition and self-worth; building self-esteem; safer online communities; rights and responsibilities online; online gaming and gambling; reducing screen time; dangers of online grooming;</p> <p>SMARRT internet safety rules; Self and body image; influence of online and media on body image; puberty for girls; puberty for boys; conception (including IVF); growing responsibility; coping with change.</p>
10-11	<p>Children's universal rights; feeling welcome and valued; choices, consequences and rewards; group dynamics; democracy, having a voice; anti-social behaviour; role-modelling; perceptions of normality; understanding disability; understanding what transgender means; power struggles; understanding bullying; inclusion/exclusion; difference as conflict; difference as celebration; empathy; exploitation, including 'county-lines' and gang culture; love and loss; managing feelings; power and control; assertiveness; technology safety; responsibility with technology</p> <p>use; self-image, body image; puberty and feelings; conception to birth; reflections about change; physical attraction; respect and consent; boyfriends/girlfriends; sexting.</p>

Withdrawal from RSE lessons

Parents/carers have the right to withdraw their children from Sex Education provided at school except for those parts included in statutory National Curriculum Science and that included within Statutory Relationships and Health Education. Those parents/carers wishing to exercise this right are invited in to see the head teacher and/or Jigsaw Lead in school who will explore any concerns and discuss any impact that withdrawal may have on the child. Once a child has been withdrawn they cannot take part in the **specific sex education lessons** until the request for withdrawal has been removed. Materials are available to parents/carers who wish to supplement the school sex education programme or who wish to deliver sex education to their children at home. **Parents and carers cannot withdraw from any aspect of Relationships Education and also in maintained schools, Health Education lessons covering the changing adolescent body (puberty).**

Health Education including substance education, mental health education and safety education

Effective Health Education can make a significant contribution to the development of the personal skills needed by pupils as they grow up. It also enables young people to make responsible and informed decisions about their own and others' health and well-being.

Moral and Values Framework

The Health Education programme at our school reflects the school ethos and demonstrates and encourages the following values. For example:

- Respect for self
- Respect for others
- Responsibility for their own actions
- Responsibility for their family, friends, schools and wider community

Jigsaw's Health Education Content

The grid below shows specific Health Education content for each year group:

Age	
4-5	Understanding feelings; Identifying talents; being special; challenges; perseverance; goal-setting; overcoming obstacles; seeking help; physical activity; healthy food; sleep; keeping clean; being safe; respecting my body; growing up; growth and change; fun and fears; celebrations.
5-6	Feeling special and safe; rewards and feeling proud; consequences; setting goals; identifying successes and achievements; tackling new challenges; identifying and overcoming obstacles; feelings of success; keeping myself healthy; healthier lifestyle choices (including oral health); keeping clean; being safe; medicine safety/safety with household items; road safety; linking health and happiness; people

	who help us; changes in me; changes since being a baby; linking growing and learning; coping with change.
6-7	Hopes and fears for the year; recognising feelings; achieving realistic goals; perseverance; motivation; healthier choices; relaxation; healthy eating and nutrition; healthier snacks and sharing food; growing from young to old.
7-8	Self-identity and worth; positivity in challenges; responsible choices; giving and receiving compliments; difficult challenges and achieving Success; dreams and ambitions; new challenges; motivation and enthusiasm; recognising and trying to overcome obstacles; evaluating learning processes; managing feelings; simple budgeting; exercise; fitness challenges; food labelling and healthy swaps; attitudes towards drugs; keeping safe and why it's important online and off line; respect for myself and others healthy and safe choices; body changes at puberty.
8-9	What motivates behaviour; rewards and consequences; accepting self and others; understanding influences; hopes and dreams; overcoming disappointment; creating new, realistic dreams; achieving goals; resilience; positive attitudes; healthier friendships; group dynamics; smoking; alcohol; assertiveness; peer pressure; celebrating inner strength; jealousy; love and loss; memories of loved ones; body changes at puberty.
9-10	Being a citizen; rights and responsibilities; rewards and consequences; how behaviour affects groups; democracy, having a voice, participating; material wealth and happiness; future dreams; the importance of money; jobs and careers; dream job and how to get there; goals in different cultures; supporting others (charity); motivation; smoking, including vaping; alcohol; alcohol and anti-social behaviour; emergency aid; body image; relationships with food; healthy and safe choices; motivation and behaviour; changes in the body at puberty.
10-11	Choices, consequences and rewards; group dynamics; democracy, having a voice; emotions in success; making a difference in the world; motivation; recognising achievements; compliments; taking personal responsibility; how substances affect the body; exploitation, including 'county lines' and gang culture; emotional and mental health; managing stress; mental health; identifying mental health worries and sources of support; love and loss;

	<p>managing feelings; power and control; assertiveness; technology safety; take responsibility with technology use; self-image;</p> <p>body image; impact of media; discernment; puberty; reflections about change; respect and consent.</p>

How is Jigsaw PSHE organised in school?

Jigsaw brings together PSHE Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly, generating a whole school focus for adults and children alike.

There are six Puzzles in Jigsaw that are designed to progress in sequence from Autumn to June/July. Each Puzzle has six Pieces (lessons) which work towards an 'end product', for example, The School Learning Charter or The Garden of Dreams and Goals.

Each Piece (lesson) has two Learning Intentions: one is based on specific PSHE learning (covering the non-statutory national framework for PSHE Education and the statutory Relationships and Health Education guidance, but enhanced to address children's needs today); and one is based on emotional literacy and social skills development to enhance children's emotional and mental health. The enhancements mean that Jigsaw, the mindful approach to PSHE, is relevant to children living in today's world as it helps them understand and be equipped to cope with issues like body image, cyber and homophobic bullying, and internet safety.

Every Piece (lesson) contributes to at least one of these aspects of children's development. This is mapped on each Piece and balanced across each year group.

Class teachers are responsible for delivery of PSHE/RSHE and the PSHE co-ordinator is responsible for monitoring and evaluation.

Differentiation/SEN

Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. Teachers will need, as always, to tailor each Piece (lesson) to meet the needs of the children in their classes. To support this differentiation, many Jigsaw Pieces (lessons) suggest creative learning activities that allow children to choose the media with which they work and give them scope to work to their full potential. If any changes are implemented nationally as a result of the Rochford Review Jigsaw will make the necessary amendments and offer this free update to all its schools.

Safeguarding

Teachers are aware that sometimes disclosures may be made during Jigsaw lessons; in which case, safeguarding procedures must be followed immediately. Sometimes it is clear that certain children may need time to talk one-to-one after the lesson closes. It is important to allow the time and appropriate staffing for this to happen. If disclosures occur, the school's disclosure and/or confidentiality policy is followed.

Assessment

Teachers will be eager to ensure children are making progress with their learning throughout their Jigsaw experience. Therefore, each Puzzle (unit of work) has a built-in assessment task, usually in Lesson (Piece) 6. This task is the formal opportunity for teacher assessment, but also offers children the chance to assess their own learning and have a conversation with the teacher about their two opinions.

Each Puzzle (unit of work) has a set of three level descriptors for each year group which will be used to inform the teacher's assessment:

Working towards

Working at

Working beyond

Recording and tracking progress

Boringdon Primary School uses the iTracker system of tracking to ensure that children are making progress with their learning.

Reporting to Parents/Carers

Each Puzzle's assessment tasks, attainment assist the teacher in reporting meaningful learning progress to parents/carers. The descriptors can be used as a starting point when considering what to write on children's reports.

The Attainment Descriptors

Please be aware that these attainment descriptors are specific to Jigsaw and to year groups. They are designed to give guidance when considering each child's learning journey. They are **not** nationally-recognised. There are no national level descriptors for PSHE.

The Jigsaw philosophy is that children are praised and their achievements celebrated in every Piece (lesson). It demands a positive relationship between the teacher and the children which, in itself, values and celebrates each individual. Appropriate time is allocated for this process.

Monitoring and evaluation

The PSHE co-ordinator will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.

Evaluation of the programme's effectiveness will be conducted on the basis of:

- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share experience

External contributors

External contributors from the community, e.g. health promotion specialists, school nurses, social workers, and community police and fire officers, make a valuable contribution to the Jigsaw PSHE programme. Their input should be carefully planned and monitored so as to fit into and complement the programme.

Teachers **MUST** always be present during these sessions and remain responsible for the delivery of the Jigsaw PSHE programme.

The Learning Environment

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital. To enable this, it is important that 'ground rules' are agreed and owned at the beginning of the year and are reinforced in every Piece (lesson) – by using The Jigsaw Charter. (Ideally, teachers and children will devise their own Jigsaw Charter at the beginning of the year so that they have ownership of it.) It needs to include the aspects below:

The Jigsaw Charter

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass
- We only use names when giving compliments or when being positive
- We respect each other's privacy (confidentiality)

Teaching Sensitive and Controversial Issues

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers will be prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement.

Teachers will take all reasonable, practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers will adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers will seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their class teachers or their peers.

Answering Difficult Questions and Sensitive Issues

Staff members are aware that views around RSHE-related issues are varied. However, while personal views are respected, all RSHE issues are taught without bias using Jigsaw. Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect that others have the right to a different opinion.

Both formal and informal RSHE arising from pupils' questions are answered according to the age and maturity of the pupil(s) concerned. Questions do not have to be answered directly, and can be addressed individually later. The school believes that individual teachers must use their skill and discretion in this area and refer to the Child Protection Coordinator if they are concerned.

Our school believes that RSHE should meet the needs of all pupils, answer appropriate questions and offer support. In Jigsaw Pieces (lessons) that cover RSE provision, this should be regardless of their developing sexuality and be able to deal honestly and sensitively with sexual orientation and gender diversity, answer appropriate questions and offer support. LGBT+ bullying is dealt with strongly yet sensitively. The school liaises with parents/carers on this issue to reassure them of the content and context.

Involving parents and carers

The school believes that it is important to have the support of parents, carers and the wider community for the Jigsaw PSHE programme. Parents and carers are/will be given the opportunity to find out about and discuss the Jigsaw PSHE programme through:

- * Parent/carer Jigsaw awareness session
- * Parents'/carers' evenings
- * Information leaflets/displays

Pupil Consultation:

- It is useful for pupils to be consulted on their own personal, social and citizenship development. Ask pupils either in individual classes or through the School Council what sort of person they would like to be by the time they leave this school; what qualities, skills, attitudes, values are important to them as people?
- Develop this further by asking pupils through the School Council how they feel the school could support them with this, what initiatives the school could implement to support this e.g. multi day charities to support, friendship benches, peer mentoring systems.

Links to other policies and curriculum areas

We recognise the clear link between Jigsaw PSHE and the following policies and staff are aware of the need to refer to these policies when appropriate.

- Science curriculum
- Teaching and Learning Policy
- Equal Opportunities Policy
- Child Protection Policy

Training and support for staff

All staff benefit from Jigsaw PSHE training in order to enhance their PSHE delivery skills. Opportunities are provided for staff to identify individual training needs on a regular basis and relevant support is provided.

In addition to this, support for teaching and understanding PSHE issues is incorporated in our staff INSET programme, drawing on staff expertise and/or a range of external agencies.

Dissemination

This policy is available on our school website where it can be accessed by the community. Training is regularly delivered to staff on the policy content.
